About this qualification specification

This qualification specification is intended for Tutors, Assessors, Internal Quality Assurers, Centre Quality Managers and other staff within Gateway Qualifications recognised centres and/or prospective centres.

It sets out what is required of the learner in order to achieve the qualification. It also contains information specific to managing and delivering the qualification(s) including specific quality assurance requirements.

The guide should be read in conjunction with the Gateway Qualifications Centre Handbook and other publications available on the website which contain more detailed guidance on assessment and verification practice.

In order to offer this qualification, you must be a Gateway Qualifications recognised centre.

If your centre is not yet recognised, please contact our Development Team to discuss becoming a Gateway Qualifications Recognised Centre:

1. Qualification Information

1.1 About the qualifications

The qualifications have been approved by Ofqual, the regulator of qualifications, examinations and assessments in England.

The aim and purpose of the qualifications is for those in an Internal Quality Assurance role to gain the necessary skills and understanding to undertake and fulfil duties and responsibilities to internally quality assure the assessment of learning to the required industry standards.

Providers should refer to the [Education and Training Foundation Qualification Guidance: Assessment and Quality Assurance Qualifications](#).

The **Gateway Qualifications Level 4 Award in the Internal Quality Assurance of Assessment Processes and Practice** qualification is intended for those who maintain the quality of assessment from within an organisation or assessment centre.

1.2 Objective

The qualifications are therefore categorised as having the following objective:

Qualifications that indicate an individual can undertake a specific role in the workplace and that may be relied upon by employers.

1.3 Key Facts

Qualification Title in full	Credit Value	Total Qualification Time	Guided Learning Hours
Gateway Qualifications Level 4 Award in Internal Quality Assurance of Assessment Processes and Practice	12	120	90

Total Qualification Time is the number of notional hours which represents an estimate of the total amount of time that could be reasonably expected to be required for a Learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of the qualification.

Total Qualification Time is comprised of the following two elements:

- the number of hours which an awarding organisation has assigned to a qualification for Guided Learning, and

- an estimate of the number of hours a Learner will reasonably be likely to spend in preparation, study or any other form of participation in education or training, including assessment, which takes place by – but, unlike Guided Learning, not under the Immediate Guidance or Supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.

1.4 Funding

For information on potential sources of funding in England please visit the Education and Skills Funding Agency:

<https://www.gov.uk/government/organisations/education-and-skills-funding-agency>

<https://www.gov.uk/government/collections/qualifications-approved-for-public-funding>

1.5 Achievement methodology

The qualification will be awarded to learners who successfully achieve an approved combination of units through a Portfolio of Evidence that has been successfully verified and monitored through Gateway Qualifications' Quality Assurance process. Achievement is therefore determined by successful completion of unit assessment with no further requirement for additional/summative assessment.

1.6 Geographical Coverage

These qualifications have been approved by Ofqual.

1.7 Progression Opportunities

There are internal progression opportunities within the suite. Progression opportunities could be towards teaching, internal quality assurance and/or external quality assurance qualifications.

1.8 Relationship with other frameworks

These qualifications were developed following a review of the National Occupational Standards (NOS), for Learning and Development in 2010, which involved consultation with several hundred individual practitioners, managers and organisations, as well as relevant awarding organisations, sector skills councils, Regulators and other key stakeholders across the UK.

Centres should refer to the guidance published by the Education Training Foundation.

2. Learner Entry Requirements

2.1 Age

The approved age range for these qualifications is: 18+

2.2 Prior Qualifications

There is no requirement for learners to have achieved prior qualifications.

2.3 Prior Skills/Knowledge/Understanding

There is no requirement for learners to have prior skills, knowledge or understanding.

2.4 Restrictions

There are no restrictions to entry.

2.5 Access to qualifications for learners with disabilities or specific needs

It is Gateway Qualifications' aim that there shall be equal opportunities within this organisation and in all the services it provides and within its recognised centres and via the services they provide and so meet the organisation's legal responsibilities to prevent discrimination.

In particular it is the organisation's intention that there should be no discrimination on the grounds of a protected characteristic including age, disability, gender assignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, sex, sexual orientation. It is acknowledged that this is not an exhaustive list.

Gateway Qualifications and recognised centres have a responsibility to ensure that the process of assessment is robust and fair and allows the learner to show what they know and can do without compromising the assessment criteria.

Special Considerations

Requests for special consideration should be submitted as soon as possible. Please refer to the [Reasonable Adjustments and Special Consideration Policy](#).

2.6 Additional Rules/Guidance

Learners undertaking the assessment units titled Internally assure the quality of assessment must be engaged in the internal quality assurance of learner work and must

draw evidence from a minimum of two assessors each with a minimum of two candidates through components of a qualification.

2.7 Recruiting Learners with Integrity

It is vital that centres recruit with integrity with regard to qualifications. Centres must ensure that learners have the correct information and advice on their selected qualification(s) and that the qualification(s) will meet their needs.

The recruitment process must include the centre assessing each potential learner and making justifiable and professional judgements about the learner's potential to successfully complete the assessment and achieve the qualification. Such an assessment must identify, where appropriate, the support that will be made available to the learner to facilitate access to the qualification(s).

3. Achieving the Qualification

3.1 Qualification Structure (Rules of Combination and Unit List)

The knowledge, skills and understanding that will be assessed as part of the qualification are set out within the unit specifications. These include the learning outcomes and associated assessment criteria. To obtain unit information, please contact Gateway Qualifications who will enable access to our unit library.

For information on Recognition of Prior Learning/Exempt and Equivalent units please see section **3.2 Recognition of Prior Learning (RPL)/Exemptions/Equivalencies**.

Gateway Qualifications Level 4 Award In Internal Quality Assurance of Assessment Processes and Practice

To achieve the Gateway Qualifications Level 4 Award In Internal Quality Assurance of Assessment Processes and Practice, the learner must achieve two mandatory units totalling 12 credits.

Unit Number	Title	Level	Credit Value	GLH
T/601/5320	Understanding the principles and practices of internally assuring the quality of assessment	4	6	45
A/601/5321	Internally assure the quality of assessment	4	6	45

3.2 Recognition of Prior Learning (RPL)

Recognition of Prior Learning (RPL) provides learners and Centres with an alternative assessment method by which a learner's previous achievements can meet the assessment requirements for a unit/qualification through the knowledge, understanding or skills that they already possess and so, do not need to develop these through a course of learning.

It enables the recognition of achievement from a range of activities using any valid assessment methodology. Provided that the assessment requirements of a given unit or qualification have been met, the use of RPL is acceptable to contribute to a unit, units or a whole qualification according to the RPL criteria for a given qualification.

The process of Recognition for Prior Learning is not applicable to this qualification.

3.3 Links to other qualifications

There are internal progression opportunities within the suite. Progression opportunities could be towards external quality assurance qualifications.

4. Assessment and Quality Assurance

The following are in addition to the standard assessment and quality assurance requirements set out in the Gateway Qualifications Centre Handbook.

4.1 Method of Assessment

The method of assessment for the qualifications is through a portfolio of evidence. There are specific assessment requirements for the unit Internally Assure the Quality of Assessment; these are set out in the unit specification.

4.2 Assessment Materials

There are no specific assessment materials provided for these qualifications.

4.3 Qualification-Specific Requirements

Centre should refer to the qualification guidance published by the Education and Training Foundation:

[Assessment and Quality Assurance Qualifications Guidance Nov 2016](#)

There is no requirement for each unit to be assessed separately. Assessors are advised to adopt a holistic approach and, where possible, to use one activity as evidence for learning outcomes and assessment criteria for both units. For example, a professional discussion for the unit Internally assure the quality of assessment might also provide some evidence for the unit Understanding the principles and practices of internally assuring the quality of assessment. However, it is essential that evidence for the assessment criteria in each unit is identified individually.

The trainee assessor's performance evidence must be assessed by observation, examining the products of work, questioning or professional discussions. Remote observation is not acceptable for assessment of assessors; in other words, the assessor and the trainee assessor must be in the same location at the same time when observations are being carried out.

Evidence must come from the trainee IQA's performance in the work environment.

There must be evidence of the trainee IQA monitoring a minimum of two assessors, each with a minimum of two learners of their own, through components of a qualification.

4.4 Qualification-Specific Tutor/Assessor Requirements

There are no additional tutor/assessor requirements for these qualifications. It is expected that tutors/assessors are skilled, knowledgeable and experienced in learning delivery, assessment and internal quality assurance.

4.5 Qualification-Specific Quality Assurance Requirements

Centre should refer Section 5 in the qualification guidance published by the Education and Training Foundation:

[Assessment and Quality Assurance Qualifications Guidance Nov 2016.](#)

A centre offering these qualifications must provide internal quality assurance to ensure that assessment meets all Gateway Qualifications requirements and is standardised across individual assessors, assessment locations and learners. In addition, Gateway Qualifications will ensure there is a robust system of external quality assurance to ensure quality and standardisation across centres.

All those who are involved with the internal quality assurance of these qualifications internally must:

- have up-to-date working knowledge and experience of best practice in assessment and quality assurance;
- hold one of the following assessor qualifications or their recognised equivalent:
 - Level 3 Award in Assessing Competence in the Work Environment; or
 - Level 3 Certificate in Assessing Vocational Achievement; or
 - A1 Assess candidate performance using a range of methods; or
 - D32 Assess candidate performance and D33 Assess candidate using differing sources of evidence;
- hold one of the following internal quality assurance qualifications or their recognised equivalent:
 - Level 4 Award in Internal Quality Assurance of Assessment Processes and Practice; or
 - Level 4 Certificate in Leading the Internal Quality Assurance of Assessment Processes and Practice; or
 - V1 Conduct internal quality assurance of the assessment process; or
 - D34 Internally verify the assessment process; and
- show current evidence of continuing professional development in assessment and quality assurance.

All those who externally quality assure these qualifications must:

- have up-to-date working knowledge and experience of best practice in assessment and quality assurance;
- hold one of the following assessor qualifications or their recognised equivalent:
 - the Level 3 Award in Assessing Competence in the Work Environment; or
 - the Level 3 Certificate in Assessing Vocational Achievement, or
 - A1 Assess trainee performance using a range of methods; or
 - D32 Assess trainee performance and D33 Assess trainee using differing sources of evidence; and
- hold one of the following external quality assurance qualifications or their recognised equivalent:
 - the Level 4 Award in Externally Assuring the Quality of Assessment Processes and Practice; or
 - Assessment and Quality Assurance Qualifications
 - The Level 4 Certificate in Leading the External Quality Assurance of Assessment Processes and Practice; or

- V2 Conduct external quality assurance of the assessment process; or
- D35 Externally verify the assessment process; and
- show current evidence of continuing professional development in assessment and quality assurance.

Best practice would suggest that external quality assurance staff should also hold an appropriate internal quality assurance qualification, either:

- the Level 4 Award in the Internal Quality Assurance of Assessment Processes and Practice; or
- the Level 4 Certificate in Leading the Internal Quality Assurance of Assessment Processes and Practice; or
- V1 Conduct internal quality assurance of the assessment process; or
- D34 Internally verify the assessment process.
