1. Qualification Information

1.1 About the qualifications

The qualifications have been approved by the Office of Qualifications and Examinations Regulation (Ofqual) that regulates qualifications, examinations and assessments in England.

These qualifications have been developed to accredit the training provided to adults taking on the role of an 'appropriate adult', providing support to children and vulnerable adults while they are in police custody. The qualifications have been produced with the support of the National Appropriate Adult Network and in particular with guidance from Norfolk Appropriate Adult Service.

1.2 Objective

The objective of the Gateway Qualifications suite of Working as an Appropriate Adult qualifications is to prepare the learner to take on a specific role within a given occupational area.

1.3 Funding

For information on potential sources of funding in England please visit the Education and Skills Funding Agency:

<https://www.gov.uk/government/organisations/education-and-skills-funding-agency>

<https://www.gov.uk/government/collections/qualifications-approved-for-public-funding>

<https://hub.fasst.org.uk/Pages/default.aspx>

1.4 Geographical Coverage

The qualifications have been approved by Ofqual to be offered in England.

1.5 Progression Opportunities

Once completed, the qualification provides progression into the appropriate adult role, working either with children, vulnerable adults or both, according to which qualification is selected.

1.6 Equality, diversity and inclusion

It is Gateway Qualifications' aim that there shall be equal opportunities within this organisation and in all the services it provides and within its recognised centres and via the services they provide and so meet the organisation's legal responsibilities to prevent discrimination.

In particular it is the organisation's intention that there should be no discrimination on the grounds of a protected characteristic including age, disability, gender assignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, sex, sexual orientation. It is acknowledged that this is not an exhaustive list.

2. Learner Entry Requirements

2.1 Key information

Qualification Titles	
Age	The approved age range for these qualifications is 18+.
Prior qualifications or units	There is no requirement for learners to have achieved prior qualifications.
Prior skills/knowledge/understanding	There is no requirement for learners to have prior skills, knowledge or understanding.
Restrictions	There are no restrictions to entry.
Additional requirements/guidance	There are no additional rules or guidance regarding learner entry requirements.

2.2 Access to qualifications for learners with disabilities or specific needs

Gateway Qualifications and recognised centres have a responsibility to ensure that the process of assessment is robust and fair and allows the learner to show what they know and can do without compromising the assessment criteria.

Gateway Qualification has a duty to permit a reasonable adjustment where an assessment arrangement would put a disabled person at a substantial disadvantage in comparison to someone who is not disabled. Please refer to [Section 4.11 Access Arrangement, Reasonable Adjustments and Special Considerations](#) for further details.

2.3 Recruiting Learners with Integrity

It is vital that centres recruit with integrity with regard to qualifications. Centres must ensure that learners have the correct information and advice on their selected qualification(s) and that the qualification(s) will meet their needs.

The recruitment process must include the centre assessing each potential learner and making justifiable and professional judgements about the learner's potential to successfully complete the assessment and achieve the qualification. Such an assessment must identify, where appropriate, the support that will be made available to the learner to facilitate access to the qualification(s).

3. Achieving the Qualification

3.1 Achievement methodology

The qualification will be awarded to learners who successfully achieve an approved combination of units through a Portfolio of Evidence that has been successfully verified and monitored through Gateway Qualifications' Quality Assurance process. Achievement is therefore determined by successful completion of unit assessment with no further requirement for additional/summative assessment.

3.2 Qualification Size

Qualification Title	Credit Value	Total Qualification Time	Guided Learning Hours
Gateway Qualifications Level 2 Award in Working as an Appropriate Adult with Vulnerable Adults	4	40	32
Gateway Qualifications Level 2 Award in Working as an Appropriate Adult with Juveniles	4	40	32
Gateway Qualifications Level 2 Award in Working as an Appropriate Adult with Vulnerable Adults and Juveniles	5	50	40

Total Qualification Time is the number of notional hours which represents an estimate of the total amount of time that could be reasonably expected to be required for a Learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of the qualification.

Total Qualification Time is comprised of the following two elements:

- the number of hours which an awarding organisation has assigned to a qualification for Guided Learning, and
- an estimate of the number of hours a Learner will reasonably be likely to spend in preparation, study or any other form of participation in education or training, including assessment, which takes place by – but, unlike Guided Learning, not under the Immediate Guidance or Supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training

3.3 Qualification Structure (Rules of Combination and Unit List)

The knowledge, skills and understanding that will be assessed as part of the qualification are set out within the unit specifications. These include the learning outcomes and

associated assessment criteria. To obtain unit information, please contact Gateway Qualifications who will enable access to our unit library.

3.4 Recognition of Prior Learning (RPL)

Recognition of Prior Learning (RPL) provides learners and Centres with an alternative assessment method by which a learner's previous achievements can meet the assessment requirements for a unit/qualification through the knowledge, understanding or skills that they already possess and so, do not need to develop these through a course of learning.

It enables the recognition of achievement from a range of activities using any valid assessment methodology. Provided that the assessment requirements of a given unit or qualification have been met, the use of RPL is acceptable to contribute to a unit, units or a whole qualification according to the RPL criteria for a given qualification.
