1. Qualification Information

1.1 About the qualification

The qualification has been approved by the Office of Qualifications and Examinations Regulation (Ofqual) that regulates qualifications, examinations and assessments in England.

The qualification is intended to provide learners with a broad introduction to the art and design sector, equipping learners with underpinning knowledge and skills specific to the sector alongside a range of transferable employability skills. They are designed to support progression to further learning and ultimately to work in art and design or other related sectors.

The Skills for Art and Design qualifications form part of a suite of 'Skills for...' qualifications that cover a number of sectors and are available at Entry 3, Level 1 and Level 2. The employability skills units are common across the suite, enabling easy transfer of credits between qualifications and supporting opportunities for cross-faculty working.

The qualifications have been developed with the support of a number of further education colleges, training providers and adult and community learning providers. They have been designed to be consistent with the principles for study programmes for 16-19 year olds but are also relevant, particularly in the case of the smaller qualifications, for adults including the unemployed. These qualifications are also suitable for pre-16 learners.

1.2 Objective

The Gateway Qualifications Skills for Art and Design Qualifications are categorised as having the following objectives:

- prepare learners to progress to a qualification in the same sector or a related area at a higher level or requiring more specific knowledge, skills and understanding
- prepare learners for employment in the sector or a related sector.

1.3 Key facts

Qualification Title	Total Qualification Time	Guided Learning	Credit Value
Gateway Qualifications Entry Level Diploma In Skills for Art and Design (Entry 3)	370	275	37

Total Qualification Time is the number of notional hours which represents an estimate of the total amount of time that could be reasonably expected to be required for a Learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of the qualification.

Total Qualification Time is comprised of the following two elements:

- the number of hours which an awarding organisation has assigned to a qualification for Guided Learning, and
- an estimate of the number of hours a Learner will reasonably be likely to spend in preparation, study or any other form of participation in education or training, including assessment, which takes place by – but, unlike Guided Learning, not under the Immediate Guidance or Supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.

1.4 Achievement methodology

The qualification will be awarded to learners who successfully achieve an approved combination of units through a portfolio of evidence that has been successfully verified and monitored through Gateway Qualifications' Quality Assurance process. Achievement is therefore determined by successful completion of unit assessment with no further requirement for additional/summative assessment.

1.5 Geographical coverage

This qualification has been approved by Ofqual to be offered in England and by Qualification Wales to be delivered in Wales.

If a centre based in Northern Ireland or overseas (including Scotland) would like to offer this qualification, they should make an enquiry to Gateway Qualifications.

1.6 Progression opportunities

These qualifications are designed to enable progression into further learning at the same level (e.g. from an award to a certificate) or to further learning at a higher level (e.g. from Entry 3 to Level 1). The strong focus on transferable employability skills means that learners could move within or between sectors as they progress. Some learners may be able to progress directly into employment, particularly where work-based training will be offered, but it is expected that most learners will build on the skills and knowledge gained from these qualifications through further learning before entering employment.

1.7 Funding

For information regarding potential sources of funding please visit the following the Education and Skills Funding Agency:

<https://www.gov.uk/government/organisations/education-and-skills-funding-agency>.

1.8 Relationship with other frameworks

The qualifications offered by Gateway Qualifications in Skills for Art and Design link to the National Occupational Standards for Crafts, Creative Arts and Design. They provide some of the underpinning knowledge and practical skills that will support progression to a relevant competency-based qualification.

1.9 Equality, diversity and inclusion

It is Gateway Qualifications' aim that there shall be equal opportunities within this organisation and in all the services it provides and within its recognised centres and via the services they provide and so meet the organisation's legal responsibilities to prevent discrimination.

In particular it is the organisation's intention that there should be no discrimination on the grounds of a protected characteristic including age, disability, gender assignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, sex, sexual orientation. It is acknowledged that this is not an exhaustive list.

2. Learner Entry Requirements

2.1 Age

The approved age range for the qualification is Pre-16, 16-18, 19+.

2.2 Prior qualifications

There are no prior qualification requirements for the qualification.

2.3 Prior skills/knowledge/understanding

There are no prior skills, knowledge or understanding requirements for the qualification. However, learners will benefit from having functional skills, at least at one level below that of the qualification (e.g. at least Entry 3 for the Level 1 qualifications).

2.4 Restrictions

There are no restrictions to entry for the qualification.

2.5 Access to qualifications for learners with disabilities or specific needs

1. Gateway Qualifications and recognised centres have a responsibility to ensure that the process of assessment is robust and fair and allows the learner to show what they know and can do without compromising the assessment criteria.
2. Gateway Qualification has a duty to permit a reasonable adjustment where an assessment arrangement would put a disabled person at a substantial disadvantage in comparison to someone who is not disabled. Please refer to the [Reasonable Adjustments and Special Considerations Policy](#) for further details.

2.6 Additional requirements/guidance

There are no additional rules or guidance relating to learner entry requirements for the qualification.

3. Achieving the Qualification

3.1 Qualification structure

The knowledge, skills and understanding that will be assessed as part of the qualification are set out within the unit specifications. These include the learning outcomes and associated assessment criteria. To obtain unit information, please contact Gateway Qualifications who will enable access to our unit library. Please refer to the Appendix for details of barred units.

Gateway Qualifications Entry Level Diploma in Skills for Art and Design (Entry 3)

To achieve the Gateway Qualifications Entry Level Diploma in Skills for Art and Design (Entry 3), the learner must complete the two mandatory units from Group M, totalling 6 credits. In addition, they must complete a minimum of 14 credits from Group O1 (Optional units: Art and Design) and 17 further credits from either Group O1 or Group O2 (Optional units: Employability Skills). Learners cannot include more than one unit with the same or similar title.

3.2 Recognition of Prior Learning (RPL)

Recognition of Prior Learning (RPL) provides learners and Centres with an alternative assessment method by which a learner's previous achievements can meet the assessment requirements for a unit/qualification through the knowledge, understanding or skills that they already possess and so, do not need to develop these through a course of learning.

It enables the recognition of achievement from a range of activities using any valid assessment methodology. Provided that the assessment requirements of a given unit or qualification have been met, the use of RPL is acceptable to contribute to a unit, units or a whole qualification according to the RPL criteria for a given qualification.

Qualification Number	Qualification Title	RPL Permitted
600/9115/0	Gateway Qualifications Entry Level Diploma In Skills for Art and Design (Entry 3)*	Yes

*The recognition of prior learning is permitted for this qualification and includes the prior attainment of units on a qualification offered by Gateway Qualifications, e.g. where a learner progresses from a smaller qualification to a larger qualification and where the qualifications have shared content such as an Award, Certificate and/or Diploma.

Centres should refer to the Gateway Qualifications' Recognition of Prior Learning policy and follow the process available on the website.

3.3 Links to other qualifications

These qualifications form part of a suite 'Skills for...' qualifications in a number of sectors and across Entry 3, Level 1 and Level 2. The employability skills units are common across the suite and also appear within Gateway Qualifications provision in Employability Skills. Some of the employability skills units also make up the Gateway Qualifications Personal, Learning and Thinking Skills qualifications and the Entry 3 employability skills units also feature in the Entry 3 Preparation for Employment qualifications.

4. Assessment and Quality Assurance

The following are in addition to the standard assessment and quality assurance requirements set out in the Gateway Qualifications Centre Handbook.

4.1 Method of assessment

The method of assessment for the qualifications is through a portfolio of evidence.

4.2 Assessment materials

There are no specific assessment materials provided for this qualification.

4.3 Qualification-specific centre requirements

There are no additional resource requirements for this qualification

In the delivery of qualification and units to pre-16 learners centres are required to exercise due diligence in respect of the following:

- the learner's needs and access to information and advice about the units offered and how the course of learning will meet their needs
- the learner's present capacity to undertake the tasks set by tutors, and tutors understanding of how particular tasks accord with the assessment criteria for the unit
- tutors should be fully conversant with the qualification and unit specification/s offered to learners, where clarification is required the centre should consult with the assigned Quality Reviewer for further advice and guidance in the delivery of units and refer to the Centre Handbook and Reasonable Adjustment and Special Consideration policy and guidance
- centres will be required to have appropriate and up to date risk assessments and ensure that appropriate support and supervision is provided; appropriate subject specialist knowledge should be consulted where the possibility of harm to learners is identified; this will be monitored through Gateway Qualifications' quality assurance process
- the centre contact for the unit/qualification being delivered must ensure that all procedures relating to the delivery of the unit/qualification operate effectively in the centre.

4.4 Qualification-specific tutor/assessor requirements

There are no specific tutor/assessor requirements for these qualifications.

4.5 Qualification-specific verification requirements

There are no specific verification requirements for these qualifications.
