Introducing Gateway Qualifications

- Over 30 years of expertise
- Charitable organisation
- Free approval for our qualifications
- Flexibility in assessment
- Focus on creating the highest quality of qualifications accessible to all
- Committed to excellent customer service

What we'll cover today

- Exploring the policy
- SWAP sectors
- What the packages contain and how we can help you
- Example of our resources
- Self-employment
- Logistics
- Next steps

Sector-based Work Academy Programme (SWAP)

The Sector-based Work Academy Programme (SWAP) is designed to help Jobcentre Plus claimants build confidence to improve their job prospects and enhance their CV, whilst helping employers in sectors with current local vacancies to fill them. SWAP can last up to 6 weeks and has 3 main components:

- pre-employment training
- work experience placement
- a guaranteed job interview

The scheme runs in England (and Scotland). Participants remain on benefits throughout their placement.

Only the pre-employment training element in England can be funded through AEB local flexibility, and normally lasts 2-3 weeks. Jobcentre Plus fund the other components and will pay any travel and childcare costs whilst claimants are on the work experience placement.

FE providers are part of the SWAP local design process and are informed when to expect referrals and how many.

The challenges for our sector

Continuing education with remote delivery

Having resources aligned to qualifications

Meeting funding profiles

Emerging funding policy

SWAP sector packages

Self-employment and Logistics

Health, Care, Education and Childcare

Business: Support and Administration services

Digital and Construction

Pick and Mix Qualifications

- ✓ Versatile
- ✓ Suit your learners needs
- ✓ Adapt to delivery needs of the centre
- ✓ Fit in with your funding needs

How can Gateway Qualifications help you?

We will give you a spreadsheet:

- Qualification aim
- Title
- Qualification
- Funding band
- Link to the specification
- And the resources that we have developed

How we can help you with you delivery?

- Tutors overview of the qualification and the assessment criteria
- PowerPoint for delivering this qualification online or in class
- Learners pack

Example: L1 Digital marketing

What should you avoid?

Thinking about mobiles

How to do product photography

What tips did you get from the video?

Complete Activity 2 in your assessment pack (1.2)

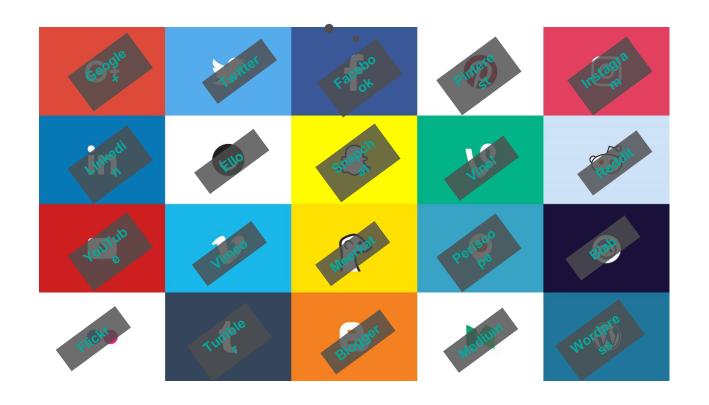

Social media and digital marketing

- 97% of marketers are using social media
- 78% of salespeople outsell peers by using social media
- 50% of small businesses are not using social media
- An additional 25% don't intend to use social media in the near future

(https://coschedule.com/blog/benefits-of-social-media-marketing-for-business/)

Can you name the social media sites

Self-employment learning pack

Using the Learning Pack

The learning pack has been designed to support you to complete the tasks that have been set. These include both formative (underpinning) learning activities and summative assessment tasks (these provide the evidence for the qualification). To help you to identify the difference between the two, the following symbols are used in the learning pack.

Learning Activities – these are formative (underpinning) learning activities to help you think about the concepts you have been discussing. These do not form part of the assessment for the unit, but they do support the assessment tasks.

Assessment Tasks – these are the summative (final) assessment tasks for the unit.

They form the evidence for the qualification and will be assessed against the assessment criteria for the units.

If you complete the assessment tasks meeting the criteria, you will achieve the units for the qualification.

Discussion Activities

During the sessions your teacher will ask you to watch some videos. Please make notes as these will help you with the learning activities and assessment tasks.

You will also take part in a number of discussions either as a whole group or in smaller groups. Again, it will be useful if you make notes as these discussions are tied into the other activities that you will be doing.

Learner activity 2 - Sales Pitch to the Bank

You will work with another learner to create a sales pitch about a business enterprise to a bank manager – this could be in any format. You should try to sell your idea to the bank manager (your partner and the rest of the group).

You must consider:

- Which areas could you be successful in?
- What roles could you do?
- What training would you need?

You must use persuasive language and present the information clearly.

You will have 45 minutes for the activity. You will work in pairs to provide peer feedback on the activity.

Please complete the record sheet on the next page to give feedback about the way your partner completed the activity.

Level 2 Self-employment Teaching resources

These optional teaching resources aim to support the delivery of units from the L2 Award in Preparing for Self-employment. They can be used alongside any other published or self-created resources.

The teaching resources are divided into three units to create a package which will allow a learner to achieve the L2 Award in Preparing for Self-employment.

- Unit 1 Introduction to Self-employment
- Unit 2 Customer Service Skills
- Unit 3 Understanding Online Business Activities

Introduction to Self Employment

	Skills	Knowledge	Assessment Tasks
Direct observation of the learner			
Recorded discussion – written or oral			
Role Play			
Learner's work products			
Case study			
Learner log or reflective diary
