

Guaranteed offer or interview from the University of East London for Access to HE Students

Enhanced progression opportunities to University of East London degree programmes are available for students on Gateway Qualifications Access to HE Diplomas.

Supporting students to achieve their goals

Gateway Qualifications has a long and successful history of widening participation and supporting students to achieve their life goals, whatever their circumstances.

In order to strengthen this priority Gateway Qualifications and the University of East London (UEL) have come together to be able to offer progression routes and benefits for you to achieve your ambition of a higher education place in preparation for your chosen career.

We have collaborated to develop a range of benefits for students registered on a Gateway Qualifications Access to HE Diploma in order that your journey to your career of choice is fully supported and achievable.

Benefits for You

This new agreement offers a significant range of benefits for you if you apply to the University of East London for your degree:

- Guaranteed offer or interview on an undergraduate degree programme at UEL for all eligible students.
- Access to UEL's bespoke advice and guidance services.
- Curriculum enrichment opportunities from UEL during your Access to HE course.
- Support in preparing to go to university through activities and events prior to starting your degree at UEL.

Opportunities available from UEL

If you apply to UEL to do a degree, and you use the specific UCAS code UELGATE, the University of East London's Outreach and Access Team will provide:

Information, Advice & Guidance Sessions

- Preferential access to UEL's IAG service, available through sessions or talks and workshops arranged to meet the specific needs of mature students progressing from Gateway Qualifications' Access to HE Diplomas. They will offer:
 - impartial advice and guidance to support you with student finance and budgeting, higher education options and progression routes, including career options and pathways.
 - information on how to complete a UCAS application form, write a personal statement and gain insight into university student life.

Subject Specific Experiences

- Subject specific master classes and practical workshops, giving you the opportunity to learn more about the subject of your choice.
- The opportunity to meet student ambassadors at the UEL to talk to them about their experiences and address any concerns you might have.

Bespoke Transition Programmes

- You can join a Bespoke Transition Programme which is designed to meet your specific needs as an Access to HE student, it will address any fears you might have and give an overview of all aspects of university life and support you in preparing for life at university.
