Units could include:

- Protection and Safeguarding in Health and Social Care
- Equality and Inclusion
- Team Work in Health, Social Care or Children's and Young People's Settings

This leaflet illustrates a variety of ways that you can build progression pathways using our Health and Care qualifications.

The pathways shown are suggestions based on our experience and that of providers using these qualifications – you can develop other pathways to meet the local, regional and national employer needs relevant to your learners using the units shown below.

If you'd like a free of charge, no-obligation meeting to discuss your particular needs and how you can tackle your specific challenges, call our Business Development team on 01206 911 211 to arrange a suitable time.

Health and Care Units

The following units are available within these qualifications to support Health and Care progression pathways. Please refer to the qualification specification for details of the rules of combination and barred units, as not all units are available in each qualification.

A range of **Employability**, **English** and **Maths** units are also available for use within these qualifications. Please visit the website or view the qualification specification for full details.

UNIT NUMBER	TITLE	LEVEL	CREDITS	GLH
K/618/3519	Health and Safety in Health, Social Care and Children's and Young People's Settings	Entry 3	3	30
