# What are learners saying...

“I was quite anxious when I signed up to do this – I hadn’t stepped foot in a college for over forty years. This course has been a great experience, I’m definitely less terrified now and I do have more confidence, I’ve learned that computers are logical, that I shouldn’t overthink things and I’m brave enough to experiment.”

“I got the leaflet about the course through my door, and because Ruth and I now volunteer for a charity and we’re back in the workplace, we knew it made sense to ‘grasp the nettle’ and to take this opportunity.”
