This leaflet illustrates a range of ways that you can build pathways to improve digital literacy. The pathways shown are suggestions based on our experience and that of providers using these qualifications – you can develop other digital literacy pathways relevant to your learners using the units shown below.

More options for creating digital skills study programmes and progression pathways at level 2 and above are available on our website at www.gatewayqualifications.org.uk/pathways

If you'd like a free-of-charge, no-obligation meeting to discuss your particular needs and how you can tackle your specific challenges, call our Business Development team on 01206 911 211 to arrange a suitable time.

Digital Literacy Qualifications and Units

The following qualifications and units are available to support Digital Literacy progression pathways. Please refer to the relevant qualification specification for details of the rules of combination and barred units, as not all units are available in each qualification.
