# A FLEXIBLE JOURNEY FROM APPROVAL TO COMPLETION

As apprenticeship assessment evolves, we've developed a clear and flexible approach that helps you choose how assessment works for your delivery. We offer options that align with your delivery model, while maintaining consistency, quality and confidence at every stage.

## Choose the approach that works for you...

### Combined assessment

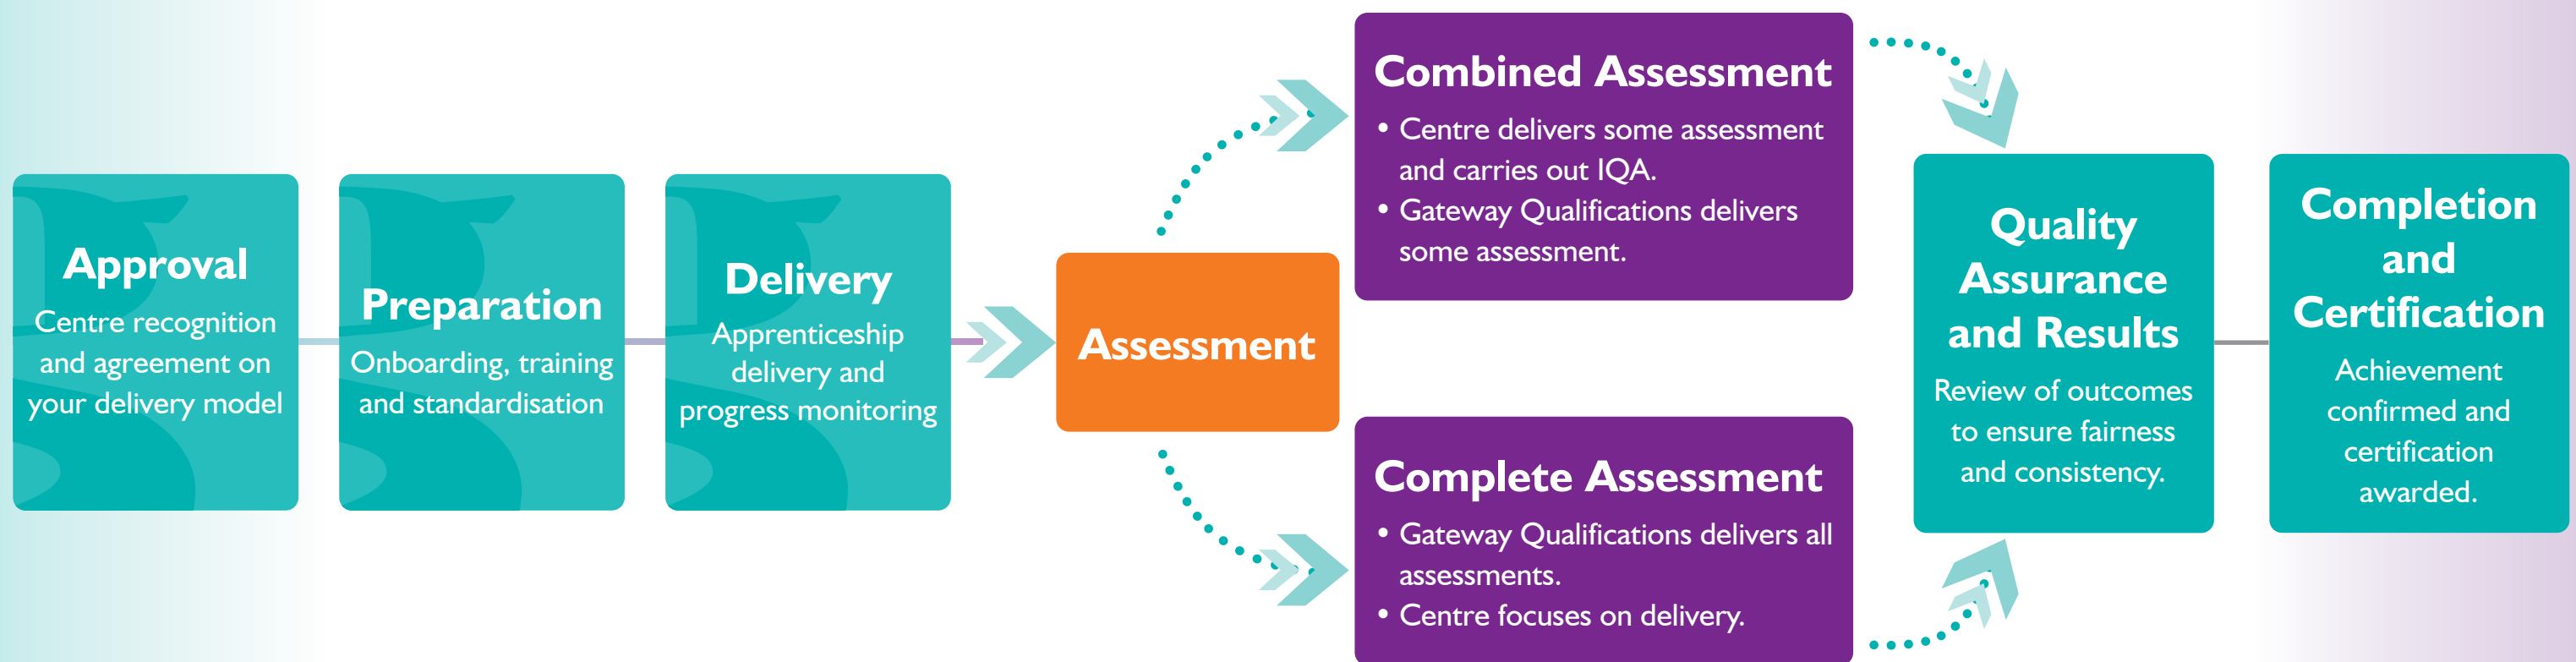

(Centres and Gateway Qualifications assess)

- You deliver eligible assessment activity
- We provide training, specifications, and quality assurance
- You use your assessment expertise within a structured framework

### Complete Assessment

(Gateway Qualifications assess)

- You focus on teaching and learning
- We deliver the full apprenticeship assessment
- You benefit from consistent, independent assessment delivery

Your assessment approach is agreed upon at approval and reflected during assessment, with both routes leading to the same outcome.
